Borrower Education and Information

With reference to the Facilities sanctioned to the Borrower vide the Transaction Document, the Borrower is hereby informed of the following concepts and illustrative examples related to due dates classification of the borrowal accounts as SMA/NPA in the course of the conduct of the accounts.

Dues: mean the principal / interest/ any charges levied on the loan account which are payable within the period stipulated as per the terms of sanction of the Facilities.

Overdue: mean the principal / interest/ any charges levied on the loan account which are payable, but have not been paid within the period stipulated as per the terms of sanction of the Facilities. In other words, any amount due to the Bank under any credit facility is 'overdue if it is not paid on the due date fixed by the Bank.

Relevance of the principle of 'First In First Out' ("FIFO") in appropriation of payments into the borrowal account:

The principle of FIFO accounting method is relevant to arrive at the number of days of overdue for determining the SMA / NPA status. The FIFO principle assumes that the oldest outstanding dues in the loan account needs to be cleared first. The FIFO method thus requires that what is due first must be paid by the Borrower first.

For example, if as on February 01, 2021 there are no overdues in the loan account and an amount of Rs X is due for payment towards principal instalment/interest/charges, any payment being credited on or after February 01, 2021 in the loan account will be used to pay off the dues outstanding on February 01, 2021.

Assuming that nothing is paid /or there is partial payment (Rs Y) of dues during the month of February, the overdue as on March 01, 2021 will be Rs X-Y.

Additionally, an amount of Rs Z becomes due as on March 01, 2021 Now any payment partial/ payment into the account on or after March 01, 2021 will be first utilized to pay off the partial due of February 01, 2021 (Rs X - Rs Y). If there is more recovery than the Rs X - Rs Y then after recovering dues of February 01, 2021, the remaining amount will be treated as recovery towards due of March 01, 2021.

Age of Oldest Dues: The age of oldest dues is reckoned in days from the date on which the oldest payment is due and continues to remain unpaid . In the aforesaid illustration, if the Dues relating to February 01, 2021 remain unpaid till March 01, 2021, the age of the oldest dues is reckoned as 29 days on March 02, 2021

Classification as Special Mention Account ("SMA") and Non-Performing Asset ("NPA")

Lending institutions will recognize the incipient stress in loan accounts, immediately on default by classifying them as SMA. The basis of classification of SMA /NPA category shall be as follows:

Loans in the nature of Term Loans	Loans in the nature of cash credit/overdraft
-----------------------------------	--

SMA Sub-categories	Basis for classification when principal or interest payment or any other amount wholly or partly overdue	SMA Sub-categories	Basis for classification when outstanding balance remains continuously in excess of the sanctioned limit or drawing power whichever is lower for a period of
SMA-0	Upto 30 days		
SMA-1	More than 30 days and upto 60 days	SMA-1	More than 30 days and upto 60 days
SMA-2	More than 60 days and upto 90 days	SMA-2	More than 60 days and upto 90 days

Non-performing Asset: Non-Performing Asset is a loan or an advance where:

- interest and/ or instalment of principal remains overdue for a period of more than 90 days in respect of a term loan,
- the account remains 'out of order' (as indicated below), in respect of an Overdraft/Cash Credit ("OD/CC"),
- the bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted,
- the instalment of principal or interest thereon remains overdue for two crop seasons for short duration crops,
- the instalment of principal or interest thereon remains overdue for one crop season for long duration crops.

Out of Order Status: An account shall be treated as 'Out of order' if:

- the outstanding balance in the CC/OD account remains continuously in excess of the sanctioned limit/drawing power for 90 days, or
- the outstanding balance in the CC/OD account is less than the sanctioned limit/drawing power but there are no credits continuously for 90 days, or the outstanding balance in the CC/OD account is less than the sanctioned limit/drawing power but credits are not enough to cover the interest debited during the previous 90 days period.

Illustrative movement of an account from SMA category to NPA category based on delay/non-payment of dues and subsequent upgradation to standard category at day end process:
